School Liaison Officer

Hello, my name is Ron Wolfe. I would like to introduce myself as the new School Liaison Officer for NSA Annapolis. Each month, I will be posting a newsletter to keep you informed of happenings in the NSA Annapolis education community.

A little about me: I am originally from San Antonio, TX and am the proud father of 4 grown children and 1 Granddaughter, with a grandson on the way.

I have been an educator for close to 30 years. I have been a teacher, coach, Principal, and have worked with school districts across the country, implementing innovative educational technology programs.

I began my career with the DOD 2 years ago, when my wife and I moved to Camp Humphreys, South Korea. There, I served as the Assistant Director of the Middle School/Teen program for Child and Youth Programs. I was excited to find the opportunity here at NSA Annapolis to continue to serve our military families as the School Liaison Officer and look forward to being of service for many years to come.

Special Education

The Parents' Place of Maryland began in 1990 as a grass-roots effort of families, professionals, and community leaders determined to provide resources, support, and information to parents of children with disabilities and special health care needs. Our philosophy of "families helping families" reflects our commitment to supporting families of diverse backgrounds. Today, the Parents' Place offers a variety of programs and services that continue to support families of children with disabilities and special health care needs. Serving as Maryland's Parent Training and Information Center and Family-to-Family Health Information Center, Parents' Place supports thousands of Maryland families each year. Parents' Place, staffed primarily by parents who have faced these challenges, believes that experienced parents are a key source of knowledge and support to help other families become effective voices for their own children.
